

Hands on Seminars

Thursday, May 10, 2012 13:00~17:00

Room 10

HS1 1st Training Course of Neuroendoscopic Surgery in 2012

Sponsored by Japanese Society for Neuroendoscopy

(Cosponsored by President of the 32nd Annual Meeting of the Japanese of Congress of Neurological Surgeons : Nobuhito Saito)

Reception Desk Open at 11 : 15

Orientation 11 : 45

Basic Lecture for All Participants 12 : 00~13 : 00

Guidance of Practical Skills 13 : 00~16 : 00

- **Intraventricular Endoscopic Surgery Course**
- **Intracerebral Hematoma and Endoscope-assisted Microsurgery Course**
- **Endoscopic Pituitary Surgery Course**

Instructors :

Kosaku Amano (Tokyo Women's Medical University, Tokyo)
Shoichiro Ishihara (Saitama Medical University International Medical Center, Saitama)
Takayuki Ohira (Keio University, Tokyo)
Kazunari Oka (Kuki General Hospital, Saitama)
Shigeki Ono (Okayama University, Okayama)
Yoko Kato (Fujita Health University, Aichi)
Kang Yoo (Ohno Memorial Hospital, Osaka)
Takayuki Kitamura (Nippon Medical School, Tokyo)
Naokatsu Saeki (Chiba University, Chiba)
Shigeyuki Tahara (Nippon Medical University, Tokyo)
Tetsuya Nagatani (Nagoya University, Aichi)
Kenichi Nishiyama (Niigata University, Niigata)
Yuichiro Nonaka (The Jikei University, Tokyo)
Tamotsu Miki (Tokyo Medical University Ibaraki Medical Center, Ibaraki)
Masakazu Miyajima (Juntendo University, Tokyo)
Hisayuki Murai (Chiba University, Chiba)
Shigetoshi Yano (Kumamoto University, Kumamoto)
Takuji Yamamoto (Juntendo University, Shizuoka Hospital, Shizuoka)
Tadashi Watanabe (Nagoya Second Redcross Hospital, Aichi)
Takeya Watabe (Fujita Health University, Aichi)

Room 4

HS2

Neuroendovascular Treatment

Moderator : Masaaki Shojima (The University of Tokyo, Tokyo)

Guidance of Practical Skills

- 1. Coil Embolization 1 Variation of Coils**
.....Tetsu Sato (National Cardiovascular Center, Osaka)
- 2. Coil Embolization 2 Assisting Technique**
.....Hirotochi Imamura (Kobe City Medical Center General Hospital, Hyogo)
- 3. CAS 1 Standard Technique**
.....Toshihiro Ishibashi (Jikei University School of Medicine, Tokyo)
- 4. CAS 2 Variation**
.....Katsumi Houya (Teikyo University Chiba Medical Center, Chiba)
- 5. Mechanical Collecting Device for Thrombus Merci and Penumbra**
.....Ryushi Kondo (Konan Hospital, Miyagi)
- 6. 3D-workstation Imaging Process during IVA Procedures**
.....Katsunari Nanba (Jichi Medical University, Saitama)

Room 5

HS3

Spinal Surgery*Moderator : Koichi Iwatsuki (Osaka University, Osaka)***Lecture****1. PLF, PLIF (Scoliosis)**

.....Shunji Asamoto (Mita Hospital, International University of Health and Welfare, Tokyo)

2. TLIF (MIS)

.....Masahiro Kawanishi (Takeda General Hospital, Kyoto)

3. Cervical Posterior Stabilization

.....Nobuyuki Shimokawa (Tsukazaki Hospital, Hyogo)

4. TLIF

.....Masahito Hara (Nagoya University, Aichi)

5. PLIF, S – platefixation

.....Koichi Iwatsuki (Osaka University, Osaka)

Guidance of Practical Skills**1. PLF, PLIF (Scoliosis)**

.....Shunji Asamoto (Mita Hospital, International University of Health and Welfare, Tokyo)

2. TLIF (MIS)

.....Masahiro Kawanishi (Takeda General Hospital, Kyoto)

3. Cervical Posterior Stabilization

.....Nobuyuki Shimokawa (Tsukazaki Hospital, Hyogo)

4. TLIF

.....Masahito Hara (Nagoya University, Aichi)

5. PLIF, S – platefixation

.....Yu-ichiro Ohnishi (Osaka University, Osaka)

.....Takashi Moriwaki (Osaka University, Osaka)

Room 6

HS4

Microvascular Anastomosis*Moderator : Hideaki Imai (The University of Tokyo, Tokyo)***Lecture****1. Fundamentals of Anastomosis**

.....Soichi Oya (Saitama Medical Center, Saitama)

2. Tips & Tactics of Anastomosis

.....Tomohiro Inoue (Fuji Brain Institute and Hospital, Shizuoka)

Guidance of Practical Skill : Microvascular Anastomosis Using Artificial Vessels

.....Soichi Oya (Saitama Medical Center, Saitama)

.....Tomohiro Inoue (Fuji Brain Institute and Hospital, Shizuoka)

Thursday, May 10, 2012

17 : 00~20 : 00 Precongress Evening Educational Seminars

cosponsored by sanofi-aventis K.K.

meeting place : Conference Center 1F Main Hole

17 : 00~18 : 30

ES1 Upgrading your Surgical Approaches

Moderators : Yoshihiro Natori (Iizuka Hospital, Fukuoka)

Tadahisa Shono (Kyushu Medical Center, Fukuoka)

1. Orbitozygomatic Approach

.....Hiroki Kurita (Saitama Medical University International Medical Center, Saitama)

2. Anterior Transpetrosal Approach

.....Michihiro Kohno (Tokyo Metropolitan Police Hospital, Tokyo)

3. Transcondylar Approach

.....Mitsuhiro Hasegawa (Fujita Health University, Aichi)

4. Actual Procedure of Interhemispheric Approach with Preserving Normal Structure

.....Rokuya Tanikawa (Abashiri Neurosurgical-Rehabilitation Hospital, Hokkaido)

5. Neuroendoscopic Transnasal Approach for Skull Base Lesions

.....Masahiro Shin (The University of Tokyo, Tokyo)

6. Anterior Approaches for Cervical Spondylosis

.....Masakazu Takayasu (Aichi Medical University, Aichi)

18 : 30~20 : 00

ES2 Upgrading your Surgical Strategy and Techniques

Moderators : Toru Matsui (Saitama Medical Center/School, Saitama)

Nobuo Sugo (Toho University, Tokyo)

1. The Dissection of Aneurysms

.....Hiromu Hadeishi (Kameda Medical Center, Chiba)

2. Surgical Removal for Cerebral Arterio-venous Malformation

.....Tatsuya Ishikawa (Research institute for Brain and Blood Vessels Akita, Akita)

3. Meningioma Surgery

.....Yuichiro Tanaka (St. Marianna University School of Medicine, Kanagawa)

4. Resection of Gliomas

.....Atsushi Natsume (Nagoya University, Aichi)

5. Carotid Endarterectomy

.....Masaaki Uno (Kawasaki Medical University, Okayama)

6. Advanced Technique of Endovascular Coil Embolization for Intracranial Aneurysms

.....Nobuyuki Sakai (Kobe City Medical Center General Hospital, Hyogo)
