

Morning Seminars

Saturday, May 12, 2012 7:20~8:20

Room 2

MS2-1 **Surgery for Large and Cerebral Aneurysms**

cosponsored by B. Braun Aesculap Co., Ltd

Moderator : Shinji Nagahiro (The University of Tokushima, Tokushima)

1. **Tips of Direct Surgery for Large and Partially Thrombosed Aneurysm**
..... Hiroki Kurita (Saitama Medical University International Medical Center, Saitama)
2. **Strategies and Key Techniques in Clipping Surgery for Large Intracranial Aneurysms** Shunsuke Kawamoto (Dokkyo Medical University, Saitama)

Room 3

MS2-2 **Basic Principles and Techniques for Surgery of Glioma**

cosponsored by MSD K.K.

Moderator : Junichi Kuratsu (Kumamoto University, Kumamoto)

1. **Fundamental Techniques for Resection of Gliomas:
How to Identify the Resection Border and Preserve the Passing Vessels.**
..... Toshihiro Kumabe (Tohoku University, Miyagi)
2. **Novel Techniques for Resection of Gliomas:
From Awake Craniotomy to Navigation/Intraoperative MRI.**
..... Yoshihiro Muragaki (Tokyo Women's Medical University, Tokyo)

Room 7

MS2-3 **Navigation Assisted Neurosurgery**

cosponsored by BRAINLAB K.K.

Moderator : Eiju Watanabe (Jichi Medical University Hospital, Tochigi)

1. **Navigation-guide Neurosurgery : What we can do.**
..... Shigeru Nishizawa (University of Occupational and Environmental Health, Fukuoka)
2. **Navigation-assisted Skull Base Surgery**
..... Naoyuki Nakao (Wakayama Medical University, Wakayama)
3. **Practical Usage of Navigation Assisted Surgery**
..... Hideo Takeshima (University of Miyazaki, Miyazaki)

Room 8

MS2-4 **Surgery for Moyamoya Disease**

cosponsored by Medical U&A, Inc.

Moderator : Katsuyoshi Mineura (Kyoto Prefectural University of Medicine, Kyoto)

1. **Surgical Treatment for Moyamoya Disease**
..... Masatou Kawashima (Saga University, Saga)
2. **Surgery for Moyamoya Disease**
..... Satoshi Kuroda (University of Toyama, Toyama)

Room 9

MS2-5

**Basic Principles and Techniques of
Neuroendoscopy**

cosponsored by OLYMPUS MEDICAL SYSTEMS CORP.

Moderator : Takayuki Ohira (Keio University, Tokyo)

1 . Fundamentals of Endoscopic Third Ventriculostomy

.....Shoichiro Ishihara (International Medical Center, Saitama Medical University, Saitama)

2 . Fundamentals of Endoscopic Biopsy

.....Tamotsu Miki (Tokyo Medical University Ibaraki Medical Center, Ibaraki)

Room 10

MS2-6

**Decision making in Endovascular Coil
Embolization**

cosponsored by Eisai Co., Ltd., Nobelpharma Co., Ltd.

Moderator : Waro Taki (Mie University, Mie)

1 . Endovascular Coil Embolization using Various Coils

.....Masayuki Ezura (NHO Sendai Medical Center, Miyagi)

**2 . Perioperative Management and Coil Selection
in the Premature Rupture of Intracranial Aneurysm**

.....Michihiro Tanaka (Kameda Medical Center, Chiba)

Sunday, May 13, 2012 7:20~8:20

Room 2

MS3-1 Management of Acromegaly

cosponsored by Astellas Pharma Inc

Moderator : Akira Matsuno (Teikyo University Chiba Medical Center, Chiba)

1. Combined Modality Therapy for Acromegaly

.....Shigeyuki Tahara (Nippon Medical School, Tokyo)

2. Benefit of GH Replacement in Patients with Adult GH Deficiency

.....Koji Takano (The University of Tokyo Faculty of Medicine, Tokyo)

Room 3

MS3-2 Basic Principles and Techniques for Cerebral Aneurysm Clipping

cosponsored by Mizuho Ikakogyo Co.Ltd.

Moderator : Yoshikazu Okada (Tokyo Women's Medical University, Tokyo)

1. Basic Techniques in Surgical Clipping of Anterior Communicating and Middle Cerebral Artery Aneurysms

.....Koji Tokunaga (Okayama University, Okayama)

2. Clipping of Internal Carotid and Basilar Aneurysms : Tips to Enhance Safety

.....Hiroaki Shimizu (Kohnan Hospital, Miyagi)

Room 5

MS3-3 Management of metastatic Brain Tumor

cosponsored by BRAINLAB K.K.

Moderator : Toshio Matsushima (Saga University, Saga)

1. Novalis Radiosurgical Treatment for Metastatic Brain Tumors/ Primary Malignant Brain Tumors at Kumamoto Radiosurgery Clinic

.....Kasei Kogo (Kumamoto Radiosurgery Clinic, Kumamoto)
